

## Community Services

Participating in community service provides students the opportunity to apply their knowledge, communication and leadership skills. Social responsibility is practiced and instilled while gaining valuable personal experiences. All students are required to complete 50 hours of service to his/her community during their academic program.

Students can serve at any non-profit organization, All of our students are highly encouraged to become involved in the community.

U.S. International Christian Academy has been approved as an Official Certifying Organization for the President's Volunteer Service Awards program.

## School Associations

All participants are expected to accept responsibility for their actions so that they will learn the value of accountability as an aid in their personal development. Students who do not exhibit a responsible attitude may be deprived of involvement in activities. Various school activities include: Student Government Association, Spanish Club, Book Club, French Club, Math Club, Cheese Club, Pro-Life Club, Culinary-online Club and Photography Club.

## **History of the School**

This school was created out of the need to provide students an opportunity to graduate from high school after failed attempts and not being able to complete high school for reasons such as:

- a) Not being able to pass the FCAT Test
- b) Economic and family needs that caused them to drop out of school, and
- c) Joining the work force and having the need to complete school.

This school was founded by educators and pillars of the community whose primary goals in life are to educate and help their community.

U. S. International Christian Academy was opened in 2001 and has been very successful providing young people opportunities to obtain a high school and pursue a college education.

The school offers a well-rounded curriculum based on the high school Florida Sunshine State Standards.

Academic advising and career orientation is offered to all students. U.S. International Christian Academy hires qualified teachers that are available every day online to instruct and assist the students with their assignments. Students learn at their own pace with personalized attention meeting their special needs and learning styles.

## **Mission Statement**

U.S. International Christian Academy is to provide an educational environment that promotes academic excellence, leadership, critical thinking, analytical skills, and intellectual, spiritual and physical development to a diverse community of young people, presently predominantly high risk students.

<http://www.usicahs.org/About-USICA.html>

## **Benefits of Distance Education**

Distance learning can expand access to education all students. Its flexible scheduling structure lessens the effects of the many time-constraints imposed by personal responsibilities and commitments. There is the potential for increased access to more experts in the field and to other students from diverse social, cultural, economic, and experiential backgrounds.

<http://www.usicahs.org/About-USICA.html>

## **Admission Process**

Every eligible student is assured entrance into U.S. International Christian Academy to file an application and participate in admissions process, a student must: a) be 16 years old or older, b) submit an application online or in person, c) provide official transcript copies from previous high schools attended (if applicable), d) receive individualized academic advising and e) sign an enrollment agreement.

After the students' transcripts are evaluated, a study plan is implemented in order to provide the students the courses that they are missing.

<http://www.usicahs.org/Admissions.html>

## **Curriculum**

The curriculum follows the Florida Sunshine State Standards for high schools as well as the requirements set forth by Public School System. All students follow the same curriculum. Students that demonstrate difficulties achieving the course objectives are required to come to the school for individualized tutoring or assistance. Students earn credits per each course completed with a D and above. Each course is equivalent to one (1) credit. The students need 24 credits to complete the high school program. This policy is published in the School Handbook and in the Parent-Student Handbook.

A plan of action is prepared for each student ensuring that all standards for graduation are met and all courses missing or needed for graduation are completed. The students are scheduled 6 courses 2 semesters. Extended time is provided for completion of each course if the need arises, but there is a time limit of an additional 6 months or the student will receive an "F" for that course.

The goals and the objectives for each subject are aligned with the content and materials offered in the selected textbook
