Curriculum Review Meeting

Minutes

December 4, 2020

This meeting was called to review the Health courses' objectives and alignment with the Florida Standards.

1. Upon completion of all the courses' review and the updating of all syllabi, the teachers and administration took into consideration the required expected outcomes for the Health class as provided by the Florida Standards. It was decided to modify the objectives to include more healthy living and positive choices.
2. The Health II course was designed by the teachers and reviewed by the administration and it does meet the course description and objectives. This course has no equivalent in the Florida Standards, it is original to USICA with the purpose to guide our students to follow a Christian and safe lifestyle.

Meeting adjourned at 11:30 AM
